

Physical Needs Assessment
Comprehensive Grant Program (CGP)

**U.S. Department of Housing
and Urban Development**
Office of Public and Indian Housing

OMB Approval No. 2577-0157
(exp. 12/31/2011)

HA Name				☐ Original ☐ Revision Number _____	
Development Number		Development Name		DOFA Date or Construction Date _____	
Development Type	Occupancy Type	Structure Type	Number of Buildings	Number of Vacant Units	
Rental	Family	Detached/Semi-Detached	Current Bedroom Distribution		
Turnkey III - Vacant	Elderly	Row	0 _____ 1 _____ 2 _____	%	
Turnkey III - Occupied	Mixed	Walk-Up	3 _____ 4 _____ 5 _____	Total Current Units	
Mutual Help		Elevator	5+ _____		
Section 23, Bond Financed					
General Description of Needed Physical Improvements				Urgency of Need (1-5)	
Total Preliminary Estimated Hard Cost for Needed Physical Improvements				\$ _____	
Per Unit Hard Cost				\$ _____	
Physical Improvements Will Result in Structural/System Soundness at a Reasonable Cost				Yes ☐ No ☐	
Development Has Long-Term Physical and Social Viability				Yes ☐ No ☐	
Date Assessment Prepared					
Source(s) of Information					

Public reporting burden for this collection of information is estimated to average 35 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

This collection of information requires that each eligible applicant submit comprehensive plan information to HUD every six years in order to receive its annual formula grant. This information will be used by HUD to determine whether the comprehensive plan/annual submission meets statutory and regulatory requirements for the annual formula grant. Responses to the collection are required by Section 14(e)(1)(A) and (C) of the U.S. Housing Act of 1937, as amended. The information requested does not lend itself to confidentiality.

Instructions for Preparation of Form HUD-52832—Physical Needs Assessment

Report Submission: Prepare a separate form HUD-52832 for each development in the HA's inventory, which is eligible for Comprehensive Grant Program (CGP) funding, for all HA-wide nondwelling needs, e.g., maintenance equipment, and for any development needs. Submit these forms to HUD as part of the submission of the original Comprehensive Plan in the first year of participation in the CGP and every sixth year when a complete revision of the physical needs assessment is required. On an as-needed basis, submit a revised form where physical needs have significantly changed since the last needs assessment and the HA wishes to include these needs in the Five-Year Action Plan. Developments which are contiguous and treated as one development for management purposes may be grouped together on a single form.

Heading Instructions:

HA Name. Enter the HA name.

Original or Revision Number. Self Explanatory. Every sixth year a new original is prepared.

Development Number. Enter an 11-digit alpha numeric code as follows: two-digit State code (alpha); two-digit Field Office code (numeric); P for Public Housing or B for Indian Housing; three-digit HA number (numeric); and three-digit development number (numeric). For example, VA05PO36001. In lieu of a development number, enter "HA-wide" for physical needs that are HA-wide in nature.

DOFA Date. Enter the Date of Full Availability (DOFA).

Construction Date. For acquired developments enter the actual date of construction or for scattered sites, the average date of construction of all buildings. **Note:** When the construction date is provided, this date will be used in lieu of the DOFA, subject to a 50-year cap.

General Characteristics. Check the appropriate box that describes the type of development, the type of occupancy, and the type of structure. CGP funds may be used to provide for modernization activities in Turnkey III units that are vacant or non-homebuyer occupied, or to provide for limited activities in homeowner-occupied units as long as the work is completed prior to conveyance.

If Turnkey III - Vacant is checked, indicate the number of vacant or non-homebuyer-occupied units planned for substantial rehabilitation next to the box and circle "V". By so doing, the HA indicates that: (1) the proposed modernization will result in bringing the identified units into full compliance with the homeownership objectives under the Turnkey III Program; and (2) the HA has homebuyers who both are eligible for homeownership, in accordance with the requirements of 24 CFR Part 904 for PHAs or 24 CFR Part 950, Subpart G, for IHAs, and have demonstrated their intent to be placed into the Turnkey III units proposed to be substantially rehabilitated.

If Turnkey III - Occupied is checked, indicate the number of Turnkey III units which are paid off, where work will be performed to meet statutory or regulatory requirements next to the box and circle "O".

Number of Buildings. Enter the number of buildings containing dwelling units.

Current Bedroom Distribution. Enter the current number of units for each bedroom size.

Vacant Units. Enter the number of vacant units as of the date this form is prepared and the percentage of vacant units to the total number of units in the development.

Total Current Units. Enter the number of units in this development under ACC.

Column Instructions:

General Description of Needed Physical Improvements. Enter a general description of all unfunded physical improvements that must be undertaken

to bring the development (dwelling and nondwelling structures, dwelling and nondwelling equipment, and site) up to a level at least equal to the modernization and energy conservation standards and to comply with other program requirements. Also, include any replacements of equipment, systems and structural elements that will be needed, assuming routine and timely maintenance, within the next five years. Enter only physical improvements that are eligible for CGP funding. Do not enter any physical improvements already funded by CIAP or other sources which the HA plans to complete. However, enter physical improvements currently funded under CIAP where the HA plans to reprogram CIAP funds for other work under the CGP.

On a separate form, include any unfunded physical improvement needs for HA-wide nondwelling structures and equipment. Also, include any replacements/rehabilitation of nondwelling structures and equipment that will be needed, assuming routine and timely maintenance, within the next five years.

Describe the proposed improvements in broad categories, such as kitchens, bathrooms, roofs, electrical systems, heating systems, landscaping, nondwelling structures, lead-based paint abatement, physical accessibility, maintenance facility, computer hardware, etc. Include all broad categories of needed work without regard to the availability and/or source of funds.

If there are no current needs and the HA does not anticipate any replacement needs within the next five years, enter a statement to that effect in this section. Such a statement does not preclude the HA from amending the needs assessment at any time within the five-year period if unforeseen needs arise or from identifying new needs which have occurred when the needs assessment is revised every sixth year.

Urgency of Need. For each broad category of work identified under the General Description of Needed Physical Improvements, enter a number that corresponds to the urgency of the need on a HA-wide basis, with "1" reflecting the most urgent need and "5" reflecting the least urgent need. Assign a "1" to activities required to correct emergency conditions and to meet statutory or other legally mandated requirements, such as physical accessibility.

Total Preliminary Estimated Hard Cost for Needed Physical Improvements. Enter the total preliminary estimated hard cost for the broad work categories listed in the General Description of Needed Physical Improvements; excluding any management improvements, administration, architectural/engineering fees, relocation or other soft costs.

Per Unit Hard Cost. Divide the Total Preliminary Estimated Hard Cost for Needed Physical Improvements by the total number of current units in the development and enter the per unit hard cost.

Physical Improvements Will Result in Structural/System Soundness at a Reasonable Cost. Check Yes or No. For cost reasonableness, the preliminary estimate of hard costs for work proposed at the development shall be 90 percent or less of Total Development Cost (TDC).

Development Has Long-Term Physical and Social Viability. Check Yes or No as to whether the HA has determined that the development has long-term physical and social viability. **Note:** If No is checked, attach the viability analysis and an explanation of what actions are proposed regarding the nonviable development.

Date Assessment Prepared. Self-explanatory.

Source(s) of Information. Identify the source(s) of information used to develop the General Description of Needed Physical Improvements. Retain such information in HA files (1) as supporting documentation for the needs assessment, (2) for post-review by HUD, or (3) for submission to HUD upon request.
