

5/7/19

Do you have a computerized management system for inventory control?

Yes we do have a management computerized system, in the Lindsey program. (Alice)

Lindsey has recently finished developing the bar coding system for inventory parts. We are beta testing it for them right now. Currently we are using a database in Access for inventory parts. (CTHC)

Though we have not implemented it yet, maintenance will utilize our new tenant processing database, PHA-Web to log inventory into their tablets (iPad). (Killeen)

We use SAGE Software – Gov 100 Asset Accounting Client Program. (Hidalgo County)

Yes, we currently use our housing software (Abilene)

Lindsey System (Schertz)
