1.0 ACTIVITY PLANNING MODULE TAB

The Activity Planning Module (APM) within HUD's Energy and Performance Information Center (EPIC) automates the development, submission, approval, and revision of Capital Fund Program (CFP) 5-Year Action Plans (Form HUD-50075.2), Budgets and Performance & Evaluation (P&E) Reports (Form HUD-50075.1).

To access the Activity Planning Module, a user will log in to the EPIC system using this link: https://portalapps.hud.gov/app_epic/.

From the EPIC homepage, the user will click on the Activity Planning Module tab that is listed in the row across the top of the page. Once a user selects the Activity Planning Module tab, the user may be presented with a window to select a Public Housing Authority (PHA). Once the user selects a PHA, they will be presented with the Activity Planning functions. See figures below.

Five Year Action Plan

Plan	Type	Created Date	Last Modified	Report Year	Status	Options
<p>2015 5YAP is due on 04/17/2015, no report has been submitted yet</p>						
5-Year Action Plan for 2013-2017	Rolling	05/11/2015	05/11/2015	2013-2017	Draft	

Figure 4: 5-Year Action Plan Reporting Page

1.1.1 Create New 5YAP

From the 5-Year Action Plan Reporting Homepage, to create a new 5YAP, users select the “Create New” icon next to the appropriate period. As the legend indicates, the icon looks like this:

Icon 1: Create New

If a 5YAP has already been created, the user will receive a warning message indicating the action will result in creating a new 5YAP and the previous report will not be editable. Selecting “Cancel” will return the user to the 5-Year Action Plan Reporting Homepage, while selecting

“Continue” will direct the user to the 5 Year Action Plan Details page from which a new 5YAP can be created.

The screenshot shows the EPIC web interface. At the top, there's a header with the HUD.gov logo, 'Help System', and user information 'RU108' with a 'Logout' button. Below the header is a navigation bar with links: Home, Core Activity/Energy Module, Development of New Housing, Activity Planning (selected), EPC, PNA, and User and Group Tools. A secondary navigation bar includes links for '5-Year Action Plan' (selected), 'Annual Statement/Budget/P&E', and a 'Selected PHA' dropdown menu with a 'Change' link. On the right, it displays 'OMB CONTROL NUMBER: 2577-0274' and 'EXPIRATION DATE: 03/31/2015'. The main content area is titled '5YAP10 » Confirm - Create Action Plan'. A yellow warning box states: 'This will result in creating a new 5YAP and the previous report will not be editable. The HA will still be allowed to fudge Work Activities from the previous un-editable report into the new report'. Below the warning are 'Continue' and 'Cancel' buttons. At the bottom, there's a footer with 'U.S. Department of Housing and Urban Development' and links for 'Freedom of Information Act', 'Privacy policy', and 'Web Policies'.

Figure 5: Confirm – Create Action Plan

The 5 Year Action Plan Details Page enables users to enter the following 5YAP Details:

- **Type of Plan:** Users select between Fixed Plan and Rolling Plan. Fixed Plans cover a static, five-year period; at the conclusion of this period, a new plan is created covering the next five-year period. Rolling Plans cover a rolling, five-year period; annually a new plan is created, removing the oldest year and adding on an additional year.

This selection cannot be edited once the plan has been created, so users should take care in making this selection. However, users may change their election upon creation of a new 5-Year Action Plan. For example, a PHA currently operating under a Fixed Plan may shift to a Rolling Plan with its next submission as long as the PHA continues to cover 5 years within the plan, including the current year. Small PHAs should refer to PIH Notice 2016-21 (see: <http://portal.hud.gov/hudportal/documents/huddoc?id=PIH-2016-21.pdf>) or the information on “Estimated Amounts by Plan Year” below for a discussion of the different flexibilities afforded under Fixed and Rolling Plans.

- **5 Year Action Plan Starting Year:** The starting year for the 5YAP. For example, entering a Starting Year of 2017 will create a plan from 2017 through 2021. Users are limited in their ability to edit the Starting Year for 5YAPs once they have been created, so users should take care to enter an accurate year in this field.

The 5-Year Action Plan Starting Year that a PHA should enter depends on the PHA’s Fiscal Year End (FYE), whether the PHA wishes to operate under a Fixed or Rolling Plan, the years covered under the PHA’s current 5-Year Action Plan, and, for 9/30 and 12/31 FYE PHAs, whether the PHA elects to transition to EPIC early. PHAs that selected “Rolling” for the Type of Plan may refer to [Appendix B](#) of this User Guide, which provides information on selecting the Starting Year for the initial Rolling Plan

submission in EPIC. Similarly, PHAs that selected “Fixed” for the Type of Plan may refer to [Appendix C](#) of this User Guide for this information.

➤ Estimated Amounts by Plan Year:

PHAs are limited in their ability to edit Estimated Amounts in 5-Year Action Plans after they have been created, so users should take care in entering these estimates. We anticipate that a change implemented in a future system release will restore the ability to change to these figures under additional conditions.

Estimated amounts for each year of the 5-Year Action Plan should include any Replacement Housing Factor (RHF) grant funds received, in addition to Formula Grants (including any Demolition Disposition Transitional Funding (DDTF)).

In entering estimated amounts for each year of the 5-Year Action Plan, PHAs must enter for all future years the same amount received for the most recent grant year, subject to the following exceptions:

- PHAs must adjust estimated amounts for the expiration or reduction of eligibility for RHF and DDTF grants.
- PHAs that expect to borrow funds either through the Capital Fund Financing Program (CFFP) or an Energy Performance Contract (EPC) should include the expected proceeds in their estimates.
- PHAs anticipating other substantial influxes of funds (e.g., tax credit proceeds) should include these funds in their estimates.
- PHAs with RAD CHAP, portfolio, or multi-phase awards that plan to remove units from their public housing portfolio through RAD should deduct the estimated amount of the Capital Fund grant associated with the RAD project. This number should be the same as the estimate included in the PHA Plan or RAD Significant Amendment.
- PHAs with fewer than 250 Public Housing dwelling units (“Small PHAs”) with Fixed Plans may choose to estimate that they will receive a larger grant amount in future years than in the current year, in order to include “standby” work activities in future years. For example, a PHA with a fixed plan and most recent grant amount of \$100,000 may enter estimated amounts of \$120,000 in years 4 and 5 of the 5-Year Action Plan in order to include standby items while keeping the expected revenue and expenses in balance. This option provides additional flexibilities to these Small PHAs.

This exception is not available to PHAs with Rolling Plans, as the nature of a Rolling Plan ensures that there will always be four years of future work activities available to fund, or reassign, to the current year.

These estimates may be edited at any time prior to plan submission by using the Edit Plan functionality on the 5-Year Action Plan Reporting Home Page.

While the 5 Year Action Plan Detail Page displays the PHA Fiscal Year End, this information cannot be edited. It is based on data reported through other HUD systems.

[Save and Continue](#) [Cancel](#)

Figure 6: 5 Year Action Plan Details Page

Once the user has entered all necessary information on the 5-Year Action Plan Detail Page, the user selects “Save and Continue”.

Upon selecting “Save and Continue”, the user will be directed to the Activities List page.

1.1.2 Create New Work Activity

Once a new 5YAP has been created, users can then use the Activity List page to create new work activities. The “Create New Work Activity” button is at the bottom of the Activity List page.

Note that PHAs with at least two years remaining on the Fixed 5-Year Action Plan in place immediately prior to their initial 5-Year Action Plan submission in EPIC may retain the plan Starting Year and enter work activities only for the remaining years of the plan. PHAs with Fixed 5-Year Action Plans should refer to [Appendix C](#) of this User Guide for additional details on this.

Users may notice a yellow warning message indicating that the plan cannot be submitted because estimated amounts are greater than consumed amounts. As work activities are added for each year to plan for how all estimated funds will be consumed, these messages will disappear.

Users create new work activities by selecting the “Create New Work Activity” button at the bottom of the Activities List page. This action navigates users to the Add Work Activity page.

Work Activities
No work activities found based on search criteria.

The work activities and plan information has been saved. To add another work activity, click on 'Create New Work Activity' button. To funge work activities, click on 'Funge Work Activities' button. When all estimated amounts are consumed, the plan will be eligible for submission and a 'Submit Plan' button is displayed. You can submit the plan by clicking the 'Submit Plan' button. Once a plan is submitted, it will be locked and cannot be edited until Field Office approves or rejects the plan.

This plan cannot be submitted because:

- For Year 2016, estimated amount is greater than consumed amount.
- For Year 2017, estimated amount is greater than consumed amount.
- For Year 2018, estimated amount is greater than consumed amount.
- For Year 2019, estimated amount is greater than consumed amount.
- For Year 2020, estimated amount is greater than consumed amount.

Figure 8: Add Work Activity Page

- **Work Activity Information:** Users enter a Title, Description, Cost, and Projected Year for the Work Activity. In accordance with PIH Notice 2016-21 (see: <http://portal.hud.gov/hudportal/documents/huddoc?id=PIH-2016-21.pdf>), in entering Work Activity Information, PHAs must adhere to the following:
 - PHAs planning to complete a work activity using force account labor must include the words “Force Account” in parentheses in the title of the work activity (e.g., “Roof Replacement at Main Street Development (Force Account)”). Should a PHA wish to complete an activity using force account labor that was not designated as such at the time of 5-Year Action Plan approval, or wish to complete an activity designated as force account at approval using another vehicle, the PHA user must copy or “clone” the work activity in EPIC, modify the title accordingly, and submit the activity for Field Office approval.

- HUD will use PHAs' selections in EPIC to update BLIs in LOCCS; therefore, it is imperative that each work activity be associated with a single BLI. In addition, each Work Activity must be associated with a single Projected Year and Development. PHAs must create multiple Work Activities for work items combining funds across multiple grant years or spanning multiple developments. For example, if kitchens will be upgraded in 10 units, with 5 units upgraded using 2016 Capital Funds and 5 units upgraded using 2017 Capital Funds, the PHA user would enter a separate Work Activity for each year and reflect the costs separately. The Clone Work Activity feature described later in this manual can assist users in quickly copying work items that can then be modified to cover different years.
- The Work Item Description must provide sufficient specificity to facilitate effective HUD Field Office review of the plan, including enabling the Field Office to assess the level and type of environmental review required. PHAs are encouraged to enter information in the Description field on the scope of the activity (e.g., number of units impacted).

For example, for a work activity covering roof replacement at a particular development, a sufficient description may read: "Installing new 20-year roof, as well as gutters and soffits, at low-rise building containing 5 Public Housing units." A work description simply stating "Roof" would be insufficient, because it does not indicate whether the activity will cover full-scale replacement of the roof or simply patching portions of the roof, a distinction with implications for the level and type of environmental review required.

- Affected Developments/AMPs: Once the Work Activity Information has been entered, users click the "Click to Expand" link next to "Affected Developments/AMPs". Users will then view a list of development numbers and names along with ACC unit counts. In addition, users will see a record with a Development Number of "N/A".

For each work activity, the user marks the radio button to the left of the development at which the activity will take place. For work not tied to a specific development (e.g., Administration), the user selects "N/A" for the Affected Developments/AMPs. For construction activities on a non-dwelling building or site (e.g., capital items at administrative offices), the user must select the specific development of which the site is a part; "N/A" should only be selected if the site is not contiguous to or included within a development. If a work item spans multiple developments, the user must create separate Work Activities. The Clone Work Activity feature described later in this manual can assist users in quickly copying work items that can then be modified to cover different years.

Affected Developments/AMPs (Click to Expand)			
5. Affected Developments/AMPs:			
	Development Number	Development Name	Total ACC Units
<input type="radio"/>	N/A	Not associated with any specific development	N/A
<input type="radio"/>	<input type="text"/> 000101	<input type="text"/>	200
<input type="radio"/>	<input type="text"/> 000102	<input type="text"/>	255
<input type="radio"/>	<input type="text"/> 000103	<input type="text"/>	290
<input type="radio"/>	<input type="text"/> 000104	<input type="text"/>	154
<input type="radio"/>	<input type="text"/> 000105	<input type="text"/>	127

Figure 9: Expanded View of Affected Developments/AMPs on Add Work Activity Page

- **Component Categories from PNA:** This functionality is not yet available. Once implemented, it will enable users to select capital needs identified within a PHA's Physical Needs Assessment (PNA) and quickly add them to a 5YAP. In the interim, users will not see any component categories listed when they expand this section of the page, and no selections are needed.
- **Work Categories:** Upon clicking the "Click to Expand" link next to "Work Categories", users will see a listing of categories. Users will notice that some categories, such as "Dwelling Unit" are marked with a plus sign to the left of the category name; other categories, such as "Dwelling Unit – Conversion" are not marked with a plus sign. Users will also see that each work category name includes the Budget Line Item (BLI) in parentheses. These BLIs reflect the simplified BLI structure announced in PIH Notice 2016-21 (see: <http://portal.hud.gov/hudportal/documents/huddoc?id=PIH-2016-21.pdf>).

Users will select the appropriate Work Category and, if applicable, Sub-Category or Sub-Categories for each new work item. For example, if the Work Activity covers roof installation on a dwelling structure, the PHA would select "Dwelling Unit-Exterior (1480)" as the Work Category. As the Dwelling Unit-Exterior category is marked with a plus sign, the PHA user would expand the category and select the appropriate sub-categories as well—in this case, "Roofs", "Gutters - Downspouts", and "Soffits". These selections are displayed in Figure 10.

HUD will use PHAs' selections in EPIC to update BLIs in LOCCS; therefore, it is imperative that each Work Activity be associated with a single BLI. PHAs may select more than one Work Category for any Work Activity, provided that the Work Categories do not fall under different BLIs. For example, a PHA user may select Dwelling Unit-

Interior (1480) and Dwelling Unit-Exterior (1480), along with the applicable sub-categories, for a work item including both types of work in a single development and using a single year's grant. However, a user must not select both Dwelling Unit-Interior (1480) and Management Improvements (1408) because these Work Categories fall under different BLIs.

Work Categories (Click to Expand)

Figure 12: Activities List page – Edit Work Activities Icon

Upon selecting the “Edit” icon on the Activities List page, the user can make edits to the work activity via the Edit Work Activity Page. To edit the Affected Development/AMPs, Component Categories from PNA, or Work Categories sections, the user will need to select the link to expand the appropriate section. The user will select “Save” to update the work activity information. Note that once the 5YAP has been submitted to HUD, and once work activities have been connected to a Budget in EPIC, options for editing work activities become more limited.

1.1.4 Clone Work Activity

After a new work activity has been created, users can create a copy, or clone, of the work activity. Users may find this option helpful in cases where the same or similar work is being done across multiple developments or years. For example, suppose a work activity was created for roof installation in 2016 in development AB123000001. If roof installation will also be done in 2016 in development AB123000002, the user may wish to copy the existing work activity and then edit the copy to change the development number and cost, as needed.

Users create a copy of an existing work activity by selecting the Clone Work Activity Icon next to that particular work activity on the Activities List Page. The icon looks like this:

Icon 3: Clone Icon

Upon selecting the Clone Work Activity Icon next to a particular work activity, the user will receive a message asking to confirm the action.

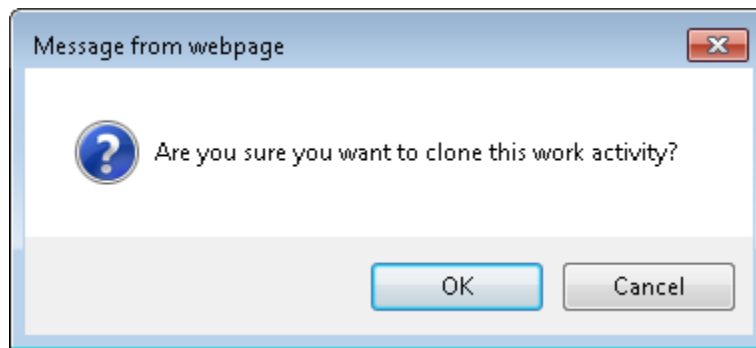

Figure 14: Clone Work Activity Confirmation

Upon selecting “OK”, the user will see that a copy of the existing work activity has been added to the Activity List Page. The “Piggy Bank” on the left side of the Activity List Page will have adjusted accordingly.

Work Activity has been cloned to create a copy as ID0002	RU108	07/10/2015
Work Activity has been created	RU108	07/10/2015

Figure 17: Work Activity Log

1.1.7 Funge Work Activities

For work activities that are not yet connected to a Budget in EPIC, users can move the work activity from one year to another through the Edit Work Item functionality. However, once work items are connected to a Budget in EPIC, moving work items between years requires users to utilize the Funge Work Items functionality.

In order to fungue work activities between years, users select the Funge Work Activities button at the bottom of the Activity List Page.

Work Activities
No work activities found based on search criteria.

The work activities and plan information has been saved. To add another work activity, click on 'Create New Work Activity' button. To fungue work activities, click on 'Funge Work Activities' button. When all estimated amounts are consumed, the plan will be eligible for submission and a 'Submit Plan' button is displayed. You can submit the plan by clicking the 'Submit Plan' button. Once a plan is submitted, it will be locked and cannot be edited until Field Office approves or rejects the plan.

This plan cannot be submitted because:

- For Year 2016, estimated amount is greater than consumed amount.
- For Year 2017, estimated amount is greater than consumed amount.
- For Year 2018, estimated amount is greater than consumed amount.
- For Year 2019, estimated amount is greater than consumed amount.
- For Year 2020, estimated amount is greater than consumed amount.

Create New Work Activity | **Funge Work Activities** | Submit Plan

Figure 18: Funge Work Activity Button on Activities list Page

Upon selecting the Funge Work Activities button, users are directed to the Funge Work Activities page. On this page, users will first select the Source Year. This is the year from which the work activity is moving. Upon selecting a Source Year, the work activities currently listed in that Source Year are displayed. Users check the work item or items they would like to move and select “Add to Queue”. The work item(s) selected then appear in the queue.

Note that multiple items from the same Source Year may be selected and added to the queue. In addition, once work items from one Source Year are selected and added to the queue, users may

then select another Source Year and add items from that Source Year to the queue. Therefore, the queue may include multiple work items, including multiplying work items from different Source Years.

Once all items to be moved to a new Fiscal Year are displayed in the queue, the user selects “Continue”.

5YAP6 » Funge Work Activities

1 Select Work Activities from Source Year
2 Select Destination for Work Activities
3 Review Work Activity Fungibility
4 Summary of Completed Fungibility Actions

Piggy Bank

Year	Estimated Amount	Current Planned Amount
2016	\$100,000.00	\$100,000.00
2017	\$100,000.00	\$100,000.00
2018	\$100,000.00	\$0.00
2019	\$100,000.00	\$0.00
2020	\$100,000.00	\$0.00

Please select a year to start the work activity organization process.

To start, select a Source Year to see a list of fungible work activities. The list will be displayed in the Source Work Activities table. You can change the Source Year at anytime, including after you add work activities to the queue.

Select Source Year: 2016

Source Work Activities

Select the desired work activities by using the check box and clicking on the Add to Queue button.

	Identifier	Development/AMP	Activity	Amount	Annual Statement/Budget
<input type="checkbox"/>	ID0001		Roof Installation	\$100,000.00	2016

Add To Queue

Work Activities Queued for Fungibility

The queue displays a list of selected work activities to be funged. To remove a work activity, use the Remove link for the desired work activity.

Year	Identifier	Development/AMP	Activity	Amount	Annual Statement/Budget
There are no work activities in the queue.					

Continue Cancel

Figure 18: Funge Work Activities-Select Work Activities from Source Year

Upon selecting Continue from the Funge Work Activities Page, the user will be directed to a new webpage listing the queued work items. The user selects a Destination Year. This is the year into which the work item is moving. The user then selects a work item or work items and selects the Funge button to move the work item(s) to the Destination Year. If the user has added multiple work items to the Funge Work Items Queue, the user can then select another Destination Year and repeat the process to funged work items to that Destination Year. Funged Work Items appear in the table at the bottom of the screen. Once the user has funged all queued work items to a new Destination Year, the user selects “Continue”.

5YAP7 » Funge Work Activities

- 1 Select Work Activities from Source Year
- 2 Select Destination for Work Activities
- 3 Review Work Activity Fungibility
- 4 Summary of Completed Fungibility Actions

Piggy Bank

Year	Estimated Amount	Current Planned Amount	Amount Change
2016	\$100,000.00	\$100,000.00	\$0.00
2017	\$100,000.00	\$100,000.00	\$0.00

Return to Activity List

Figure 21: Funge Work Activities – Summary of Completed Fungibility Actions

1.1.8 Submit Plan

From the Activities List Page, users can select the “View PDF” link on the left side of the page above the Piggy Bank to view a PDF of their plan. This facilitates saving copies of the plan

outside of the EPIC system and printing the plan. This option is available for 5YAPs in all statuses, whether Draft, Submitted, or Approved. It is available to both PHA and HUD users.

Once all work activities have been added and the cost of those work activities matches the estimated cost for each year of the 5YAP, the user may submit the 5YAP for HUD approval.

Note that the plan may not be submitted until the “Piggy Bank” on the Activity List Page shows balanced estimated revenues and expenses. The Piggy Bank is in balance when the Estimated and Consumed costs match for each year and the Balance for each year is \$0.00. If the Piggy Bank is out of balance, adjustments may be made on the revenue side by editing projected amounts for each year. To make these changes, select the “Edit Plan Information” link on the Activity List page above the Piggy Bank. Adjustments may also be made to the cost estimates by editing work activities or funding work activities.

Once the Piggy Bank is in balance, yellow warning messages will no longer appear at the bottom of the Activity List Page and the Submit button at the bottom of the Activity List Page will be activated. Note that once a 5YAP is submitted, it will be locked and cannot be edited until the Field Office approves or rejects the plan.

Figure 24: 5-Year Action Plan Reporting Page Showing Submitted 5YAP

1.1.9 FO Staff Recommend Approval/Recommend Approval Withheld for a 5YAP Report

Field Office Staff members are authorized to Recommend Approval or Recommend Approval Withheld for a submitted 5YAP Report.

Upon logging in to EPIC, the Field Office user navigates to the Dashboard tab and selects 5-Year Action Plan – Tracking under Dashboard Functions. PHA users will not see this “Dashboard” tab displayed, as this functionality is reserved for HUD users.

The screenshot shows the Energy and Performance Information Center (EPIC) interface. At the top, there's a header with the HUD.gov logo, a user profile for RU104, and a 'Logout' button. Below this is a navigation bar with links: Home, Core Activity/Energy Module, Development of New Housing, Activity Planning, IHP/APR, SF425, EPC, and PNA. A secondary navigation bar includes Dashboard (circled in green), Reports, User and Group Tools, Admin, and Data Export. Below the navigation bars, a breadcrumb trail shows: 5 Year Action Plan - Tracking, Annual Statement / Budget / P&E, Core Activity, and IHP/APR Report. The main content area is titled 'DB1 » Home Page - Dashboard'. It contains a text box on the left explaining the dashboard's purpose and a 'Dashboard Functions' section on the right. This section lists four links: 5 Year Action Plan - Tracking (highlighted with a green arrow), Annual Statement/Budget/P&E, Core Activity, and IHP/APR Report.

Figure 25: 5-Year Action Plan - Tracking Dashboard Function

The Field Office user is then directed to the 5 Year Action Plan – Tracking Dashboard page. The Field Office user may select the “Search by PHA Code” link to search for the 5YAP of a particular PHA. Alternatively, the Field Office User may use the options on this page to select the Field Office or make other selections. In addition, the Field Office user may choose to filter the list to display only 5YAPs in a certain status. Upon locating a 5YAP, the Field Office user may select the View link to view the 5YAP.

Figure 27: View of Activities List Page for Field Office Staff

Upon selecting the Recommend Approval or Recommend Approval Withheld button, a Field Office user will see a screen displayed on which to confirm the action and enter comments. Field Office users are required to enter a comment when recommending that the FO Director withhold approval of a 5-Year Action Plan.

Amount	Options
\$1,000.00	[icon]
\$1,000.00	[icon]
\$1,000.00	[icon]
\$1,000.00	[icon]
\$1,000.00	[icon]
\$10,000.00	[icon]

Figure 28: FO Staff Recommend Approval of 5YAP and Enter Comments

Field Office Directors are authorized to approve or withhold approval for 5YAPs. The Field Office Director logs into EPIC and navigates to the 5YAP by using the Dashboard functionality as described above. When viewing a 5YAP, the recommendation by Field Office staff is displayed just above the Approve/ Approval Withheld buttons.

If approval is withheld, the Field Office Director will be required to enter a comment. The 5YAP will then become unlocked so that the PHA can fix the problem in the 5YAP and re-submit it to HUD for approval.

1.2 Annual Statement/Budget/P&E

Once a PHA has an approved 5-Year Action Plan, the next step in the process is to create a Budget (formerly referred to as an Annual Statement). The approved 5YAP becomes the basis for Budget reporting within EPIC. The Budget can only be created once a 5YAP has been approved, and it will be linked to the approved plan.

The Budget will consist only of approved Work Activities from the 5-Year Action Plan. PHAs will select Work Activities from the applicable year of their 5-Year Action Plan to add to the Budget. In addition, PHAs may import approved work activities from other years of the 5-Year Action Plan into the Budget; PHAs may use this option if they have had a change of plans and would like to complete the activities included in the 5-Year Action Plan in a different order, shifting some activities between years.

Selecting Annual Statement/Budget/P&E from the Activity Planning Module homepage will direct the user to the Annual Statement /Budget Reporting Page.

The screenshot displays the Energy and Performance Information Center (EPIC) interface. At the top, there's a header with the HUD.gov logo and a 'Help System' link. Below this, a navigation bar contains several tabs: Home, Core Activity/Energy Module, Development of New Housing, Activity Planning (selected), EPC, PNA, and User and Group Tools. A user profile for 'RU108' is visible in the top right corner with a 'Logout' button. The main content area is titled 'AP1 » Home Page - Activity Planning Module'. On the left, there's a 'Paperwork Reduction Act Statement' box. On the right, under 'Activity Planning Functions', there are two links: '5-Year Action Plan' and 'Annual Statement/Budget/P&E'. A green arrow points to the 'Annual Statement/Budget/P&E' link. At the bottom of the page, there's a footer with the date 'November 13, 2017' and the page number 'Page 31'.

Figure 29: Annual Statement/Budget/P&E Function of Activity Planning Module

The Annual Statement/Budget Reporting Page enables a user to create a new Budget, associate a Budget with a grant award, and edit and submit Budgets. These functions will be detailed in the following sections.

1.2.1 Create a New Annual Statement/Budget

To create a new Budget, users select the Create New Annual Statement/Budget link on the Annual Statement/Budget Reporting Page. This option will not be available if the PHA does not yet have an approved 5YAP in EPIC.

Before selecting the Create New Annual Statement/Budget link to create a Budget for a particular year, the user should confirm that a Budget for that year has not already been created in EPIC. Any Budgets not yet linked to a grant award would display on the right side of the screen under “Annual Statements/Budget not associated with Awards”; if a Budget for the year of interest appears here, the user should not create a new Budget. Instead, the user should refer to [Section 1.2.4](#) for instructions on linking the draft Budget to an award. Budgets already linked to an award would display on the left side of the screen under “Awards with Annual Statements/Budget List”; if a Budget for the year of interest appears here, the user should not create a new Budget. Instead, the user should refer to [Section 1.2.6](#) for information on viewing, editing, and revising Budgets.

[Previous](#) [Next](#)

Figure 30: Annual Statement/Budget Reporting Screen – Create New Annual Statement/Budget Button

Upon selecting the Create New Annual Statement/Budget button, users will be directed to a new page on which they will enter the following pieces of information:

- **Title:** The title for the Budget. This title may refer to the grant award or funding source and the year (e.g., 2015 Formula Grant)
- **5YAP Year:** Indicate to which 5YAP year the Budget corresponds.
- **Applicable 5-Year Action Plan:** Indicate which 5-Year Action Plan should be linked to the Budget. Users in agencies with more than one approved 5YAP for the applicable year (e.g., an original 5YAP and a revised 5YAP) should make sure to select the version of the plan with the work activities they wish to add to the Budget.
- **Award and Estimated Award Amount:** At the time of creation of a new Budget, the PHA may or may not have received the Capital Fund grant or other source of funding for the year specified.

If the Capital Fund grant for the year selected has been received, the user selects the award from the Select Award drop-down box. This grant information is pre-populated from LOCCS. If a grant award is selected, the amount will be automatically displayed in

the Estimated Award Amount box and cannot be edited. An example is shown in Figure 31 below.

If the Capital Fund Award for the selected year has not yet been received, the user may proceed in creating the Budget using an estimated award amount. In this case, selecting the arrow in the Select Award box will display a message stating “No Awards Found”. The user will leave that message in the Award box and will enter an Estimated Award Amount. This estimate will likely match the estimate entered in the approved 5YAP. An example is shown in Figure 32 below. Once the grant award is received, the PHA will link the Budget to the award in EPIC; PHAs cannot submit Budgets in EPIC until the Budget is linked to an award. HUD will not spread the budget in LOCCS, and the PHA may not draw down funds, until the Budget in EPIC is linked to the grant award and submitted.

Figure 35: Work Activity Details Page

The Work Activity Details page displays the following information on the work activity, some of which may be edited.

- Work Activity Information: Users may wish to edit certain elements of the work activity, such as the cost, and may do so using this functionality.
- Budget Line Item Information: Users should ignore this section. Because BLI information is based on the work categories selected for the work activity, it is not necessary to update this section of the Budget.
- Component Categories from PNA: This functionality is not yet available.
- Work Categories: PIH Notice 2016-21 (see: <http://portal.hud.gov/hudportal/documents/huddoc?id=PIH-2016-21.pdf>) provides information on editing this section. PHA users may update the work sub-categories that were selected upon creation of the Work Activity in the 5-Year Action Plan. It is permissible to check or un-check sub-categories to reflect a change in the scope of a work activity; for example, if an approved work activity originally included “Roofs”, “Gutters - Downspouts”, and “Soffits”, the user may un-check the sub-category for “Gutters - Downspouts” during the creation of the Budget to reflect a reduction in the scope of the work. However, users may not check or un-check work sub-categories if the changes would be inconsistent with the description of the approved work activity; for example, for a roof replacement work activity, a PHA may not un-check “Roofs”, “Gutters - Downspouts”, and “Soffits” and check “Exterior Lighting”. In this latter case, the user would need to return to the 5-Year Action Plan to add or edit work activities and receive Field Office approval before adding the work items to a Budget.
- Other Measures: Users may select the option to expand the Other Measures section. In this section, users may enter information on whether or not the work item has accessible features built in, security costs, energy/water conservation components, or lead based paint components. In accordance with PIH Notice 2016-21 (see: <http://portal.hud.gov/hudportal/documents/huddoc?id=PIH-2016-21.pdf>), this section is not mandatory at this time.

2. Fiscal Year End: 06/30

3. Fiscal Year: 2014

Grant/Award Information:

4. Award Number: 250114

5. Cost: \$95,052.00

Work Activities

Identifier	Activity	Amount
ID0001	Roof installation	\$50,000.00
ID0006	Roof installation	\$45,052.00

Figure 45: Activity List for Annual Statement/Budget Report – Read-Only for Submitted Reports

Within a few days of the initial Budget submission in EPIC, the PHA Executive Director should receive an email notification on the status of the Budget submission. This email will either notify the Executive Director that BLIs were successfully spread in LOCCS based upon the EPIC Budget submission, or that BLIs were not spread in LOCCS because of a problem with the EPIC Budget submission. Email notifications pointing to errors in Budget submissions will describe the type of error to facilitate corrections.

If a user needs to edit the information in the submitted report, the user should follow the instructions below.

1.2.6 Edit/Revise a Budget/Annual Statement Report

From the Annual Statements/Budget List page for the grant award, the user may select the appropriate link in the Options column of the table to view a PDF of the Budget, Un-submit a Budget or Revise a Budget.

Once a PHA has submitted a Budget in EPIC, PHA users may determine that they need to revise the Budget. These revisions may be prompted by a change in the PHA's plans or by an email notification that HUD identified an error in the budget submission (e.g., the budget submission allocated too high a percentage to BLI 1406, 1408, or 1410; included work activities crossing BLIs; or included a debt service or RAD BLI spread that differs from LOCCS).

When a user revises a submitted Budget, a copy of the submitted Budget is created as the latest version. The revised report will be marked with a revision number.

Figure 46: Annual Statement/Budget List – Displaying Revised Report

Some types of changes that need to be made to a Budget also requiring revising the 5-Year Action Plan, while other types of changes do not require this additional step. Users should refer to the lists below to determine whether the changes they wish to make to a Budget are likely to also require revising the 5-Year Action Plan. Once this determination is made, users may refer to [Appendix D](#) for step-by-step instructions on creating and submitting a budget revision when changes to the 5-Year Action Plan are NOT needed, or refer to [Appendix E](#) for similarly detailed instructions for changes to budgets that DO require also revising the 5-Year Action Plan

Changes to Budgets that do NOT require revising the 5-Year Action Plan:

- Changing the amounts for work activities
- Adding approved work activities to the budget
- Removing work activities from the budget
- Checking or un-checking sub-categories to reflect a change in the scope of the work; for example, if an approved work activity originally included “Roofs”, “Gutters - Downspouts”, and “Soffits”, the PHA may un-check the sub-category for “Gutters - Downspouts” in the budget. However, if the changes would be inconsistent with the description of the approved work activity, the PHA would need to make the revisions in the 5-Year Action Plan and obtain Field Office approval before adding the work activity to the budget; for example, for a roof replacement work activity, a PHA wishing to un-check “Roofs”, “Gutters - Downspouts”, and “Soffits” and check “Exterior Lighting” would need to return to the 5-Year Action Plan.

Changes to Budgets that DO require revising the 5-Year Action Plan:

-
- Changing the Work Category associated with a work activity, which is necessary to change the BLI associated with an activity. For example, changing a work activity to reflect the assignment of funds to BLI 9002 instead of BLI 9000.
 - Changing the number of Work Categories associated with an activity. For example, changing a work activity that includes Work Categories under BLI 1410 and 1480 to only include Work Categories associated with BLI 1480. (Note that changes to the Work Activity Sub-Categories to reflect a change in the scope of a work activity do not require revising the 5-Year Action Plan, provided the changes are consistent with the description of the work activity.)
 - Changing the development number associated with a work activity
 - Adding work activities to the budget that are not yet approved in a 5-Year Action Plan

1.2.7 Performance and Evaluation Report

While EPIC's Activity Planning Module automates the development, submission, approval, and revision of CFP 5-Year Action Plans, Budgets and Performance & Evaluation (P&E) Reports, this user manual currently provides technical instructions only on utilizing EPIC's 5-Year Action Plan and Budget functionality. As indicated in PIH Notice 2016-21 (see: <http://portal.hud.gov/hudportal/documents/huddoc?id=PIH-2016-21.pdf>), HUD is reviewing the P&E Report functionality and is not moving to electronic submissions of P&E Reports within EPIC at this time.

1.6 Appendix D: QUICK REFERENCE GUIDE: Revising a Budget in EPIC, When Revisions to the 5-Year Action Plan are NOT Needed

Once a PHA has submitted a Budget in EPIC, the PHA may determine that they need to revise that budget. These revisions may be prompted by a change in the PHA's plans or by an email notification that HUD identified an error in the budget submission (e.g., the budget submission allocated too high a percentage to BLI 1406, 1408, or 1410; included work activities crossing BLIs; or included a debt service or RAD BLI spread that differs from LOCCS). This Quick Reference Guide provides step-by-step instructions on creating and submitting a budget revision when no change to the 5-Year Action Plan is needed. There is a separate Quick Reference Guide to assist PHAs that wish to create a budget revision when the changes demand that the 5-Year Action Plan also be revised.

The following changes can be made directly to budgets without revising the 5-Year Action Plan:

- Changing the amounts for work activities*
- Adding approved work activities to the budget*
- Removing work activities from the budget*
- Checking or un-checking sub-categories to reflect a change in the scope of the work; for example, if an approved work activity originally included "Roofs", "Gutters - Downspouts", and "Soffits", the PHA may un-check the sub-category for "Gutters - Downspouts" in the budget. However, if the changes would be inconsistent with the description of the approved work activity, the PHA would need to make the revisions in the 5-Year Action Plan and obtain Field Office approval before adding the work activity to the budget; for example, for a roof replacement work activity, a PHA wishing to un-check "Roofs", "Gutters - Downspouts", and "Soffits" and check "Exterior Lighting" would need to return to the 5-Year Action Plan.*

To make changes to a previously-submitted budget that do not require revising the 5-Year Action Plan:

1. Select Annual Statement/Budget/P&E from the Activity Planning Module homepage.

Energy and Performance Information Center (EPIC)

5. Make the necessary changes in the budget revision.
 - a. Select "Import Work Activities" to add approved work activities to the budget.
 - b. Select the red "X" icon next to a work activity to remove it from the budget.
 - c. To modify a work activity that is already part of the budget, select the title of the work activity; you would do this if you wish to change the amount allocated to a work activity or to check or un-check sub-categories to reflect a change in the scope of the work (see pg. 1 for restrictions on this action).

Follow the prompts to make and save your changes. Use the buttons at the bottom of the screen to save the budget revision and, when you're ready, to submit it.

1.7 Appendix E: QUICK REFERENCE GUIDE: Revising a Budget in EPIC, When Revisions to the 5-Year Action Plan ARE Needed

Once a PHA has submitted a Budget in EPIC, the PHA may determine that they need to revise that budget. These revisions may be prompted by a change in the PHA's plans or by an email notification that HUD identified an error in the budget submission (e.g., the budget submission allocated too high a percentage to BLI 1406, 1408, or 1410; included work activities crossing BLIs; or included a debt service or RAD BLI spread that differs from LOCCS). This Quick Reference Guide provides step-by-step instructions on creating and submitting a budget revision when the changes require that the 5-Year Action Plan also be modified. There is a separate Quick Reference Guide to assist PHAs that wish to create a budget revision when the changes do not demand revisions to the 5-Year Action Plan.

The following changes to budgets require also revising the 5-Year Action Plan:

- *Changing the Work Category associated with a work activity, which is necessary to change the BLI associated with an activity. For example, changing a work activity to reflect the assignment of funds to BLI 9002 instead of BLI 9000.*
- *Changing the number of Work Categories associated with an activity. For example, changing a work activity that includes Work Categories under BLI 1410 and 1480 to only include Work Categories associated with BLI 1480. (Note that changes to the Work Activity Sub-Categories to reflect a change in the scope of a work activity do not require revising the 5-Year Action Plan, provided the changes are consistent with the description of the work activity.)*
- *Changing the development number associated with a work activity*
- *Adding work activities to the budget that are not yet approved in a 5-Year Action Plan*

To make changes to a previously-submitted budget that require revising the 5-Year Action Plan:

1. Select Annual Statement/Budget/P&E from the Activity Planning Module homepage.

The screenshot shows the EPIC homepage with the following elements:

4. Select the Edit Statement icon next to the budget revision.

The screenshot shows the EPIC web application interface. At the top, there's a navigation bar with links like Home, Core Activity/Energy Module, Development of New Housing, Activity Planning, EPC, PNA, and User and Group Tools. The user is logged in as RU101. Below the navigation bar, there's a section for 'AS2 » Annual Statements/Budget List'. On the left, a legend explains the status of statements: 'Submitted' (cannot be edited), 'Revised' (copies the statement), 'Draft' (can be edited), 'Submitted as final P&E', 'Delete', 'Create P&E Report', and 'View PDF'. The main table, titled 'Annual Statements/Budget', lists two entries. The first entry is 'Annual Statement/Budget Original' with status 'Submitted'. The second entry is '(DRAFT) Annual Statement/Budget Rev. 1' with status 'Draft'. For the draft entry, there are three options: 'Edit Statement' (highlighted with a green arrow), 'Delete Statement', and 'View PDF'. The table also shows columns for Statement, Created Date, Last Modified, Report Year, and Status.

Statement	Created Date	Last Modified	Report Year	Status	Options
Annual Statement/Budget Original	09/28/2017	09/28/2017	2017	Submitted	View PDF
(DRAFT) Annual Statement/Budget Rev. 1	09/28/2017	09/28/2017	2017	Draft	Edit Statement Delete Statement View PDF

5. Depending upon the changes you wish to make to the budget, take the following actions:

- If you wish to add a work activity to the budget but that work activity is not yet approved in a 5-Year Action Plan, skip this step and proceed to Step 6 below.
- If you wish to change the Work Category associated with a work activity (which is necessary to change the BLI associated with an activity), to change the number of Work Categories associated with a work activity, or to change the development number associated with a work activity, you will need to first remove the work activity from the budget and then make the change(s) in the 5-Year Action Plan.

Begin by selecting the red “X” icon next to the name of the work activity requiring modification.

10. Does the piggy bank balance? Before submitting the revised 5-Year Action Plan, the piggy bank must balance. If the piggy bank is in balance and the “Submit Plan” button is activated, skip to Step 11. If the piggy bank is out of balance, this may be due to a difference between the actual amount of the award to which the budget is linked and the estimated award amount included in the 5-Year Action Plan.

To remedy this, select Edit Plan Information.
